For almost two decades now the SCCC Foundation has done just that. Through endowed scholarships for needy students provided by generous families to memorialize their loved ones, through planned gifts made that will sustain in perpetuity by members of our Heritage Society, and through membership in the Chancellor’s Circle which provides much needed unrestricted funds, again this year friends of the Foundation have honored the past and helped ensure a bright future.
The mission of the State Center Community College Foundation is to encourage philanthropic gifts that directly enhance the access to and quality of community college education for the students and faculty of the State Center Community College District.

2006 FISCAL YEAR ANNUAL REPORT
Providing quality educational experiences for our students is a top priority at State Center Community College District. For many students, community colleges are the gateway to a world full of new opportunities. Whether it’s transferring to a four-year institution, learning a new job skill, or re-entering the workforce, community colleges are positioned to meet the diverse needs of the populations we serve.

You are reading this because you are most likely a member of the generous group which appreciates the value of a community college education. Your willingness to demonstrate your support in very tangible ways provides the funds needed to turn dreams into realities.

Through scholarships, program support and other special gifts, you have chosen to invest your dollars wisely. In this report, you will read about the many “dividends” that are the result of your commitment and generosity. I hope you enjoy reading about the many exciting things going on in your community colleges. On behalf of the Board of Trustees, and all of us at State Center Community College District, thank you for your support.

Dr. Thomas A. Crow
Chancellor
Dear Friends of the Foundation,

As president of the State Center Community College Foundation for 2006, I have had the opportunity to work with an outstanding, hard-working board and a wonderful support staff. The unexpected retirement of Executive Director Joan Edwards early in the year left a huge hole to fill. With the guidance of interim director Mike Ford, the foundation was able to stay on course. Our new director, Michele Copher, has the energy and experience to fill Joan’s shoes and carry us forward in our work to assist the community colleges in providing scholarships, grants, and program support. Our work would not be possible without the generous support of our donors.

I would like to take this opportunity to thank each and every one of you who have offered support. Your donations have made higher education possible for many who would otherwise not have been able to afford it. I have personally witnessed the impact of a scholarship on a student who never thought attending college would be possible. He was so impressed that someone had enough confidence in him to fund his education that his entire outlook on life was changed. He went from being satisfied with a minimum wage job and working the swap meet on weekends, to planning a career in education. He is currently coaching at the high school level. Your generosity has also provided resources to the faculty and staff, which allowed them to creatively expand the learning experience of their students.

Never doubt that your contributions make a difference. Thank you all for having such a tremendous impact on our students, our community and our economy.

Sincerely,

Rochelle Minneti Noblett
Foundation President
We’re pleased to acknowledge the gifts made by so many to benefit our growing enrollment of students and special programs.

Members of the Heritage Society have made a substantial commitment to our students either through a future gift in an estate or through an endowment made today that will support scholarships and programs in perpetuity. These gifts memorialize a loved one, or establish a personal legacy and often involve thoughtful estate planning.

OF FINANCIAL POSITION
For the Year Ended June 30, 2006

DISBURSEMENTS – $1,623,468

- Investment Fees $59,149 (3.64%)
- Administrative Expenses $168,278 (10.37%)
- Scholarships and Awards $275,320 (16.93%)
- Programs $1,120,721 (68.79%)
A LEGACY

Roses bloom in a central courtyard, surrounded by brick archways reminiscent of the Spanish Renaissance. Inside, students descend a grand staircase into state-of-the-art classrooms. Young musicians rehearse in an auditorium, acoustically likened to a grand concert hall. A poetry reading and art show is being held in a paneled library, lit by chandeliers and a skylight made of opaque glass. To all who work here, to all who will be educated here, to all who come to visit, this is the Old Administration Building, the OAB. It is a symbol of educational importance and civic pride. When complete the OAB will add 100,000 square feet of desperately needed classrooms, recital halls, performance spaces, and offices. Since securing the voter approved $25 million from Measure E, and later an additional $5 million allocated by the State Center Community College District Board of Trustees, a dedicated team of citizens designed a capital development campaign, including an internal and an external phase, to secure additional private funding. A special thank you to our friends at Educational Employees Credit Union and their subsidiary EIFS for providing the gift of $100,000 to initiate the campaign. The internal phase, focused on investments made by the staff and friends of Fresno City College, was launched in August, 2006, with a goal of $1 million. The external phase, appealing to the citizens and businesses in our community, will begin in March of 2007. The total goal of $4 million raised through private funding will ensure the restoration of the auditorium and will provide furnishings for Wings A & B. When restored, the OAB will once again enliven the community as it hosts concerts, lectures, art exhibits, and a variety of educational and cultural activities available to students and the general public. Please join us in honoring the past and embracing the future by making an investment today.
