Chancellor's Report

Dr. Crow reported that earlier this afternoon the Board had the opportunity to view construction on the Reedley College Learning Resource addition and modernization. After a considerable amount of planning, including input from many stakeholder groups, it is exciting to see shovels and cranes actually moving dirt around the District. In the near future construction will start on the new classroom building at Reedley College. The classroom construction is one of the many Measure E projects voters approved two years ago. Plans are also underway for the groundbreaking for the new Willow/International Education Center. Groundbreaking ceremonies will take place on Friday, May 13.

Mark your calendars now for the Districts annual Employee Recognition Awards on Wednesday, May 4, at 1:30 p.m. at Reedley College and Tuesday, May 10, at noon at Fresno City College. In addition to honoring retirees, the awards ceremony also gives us the opportunity to recognize employees that have served 5, 10, 15, 20, etc. years of consecutive service. The 2005 Bill Stewart Achievement in Excellence Award will also be presented. These ceremonies are a wonderful opportunity to thank the many individuals that have served our students.

This Friday the District will be hosting our fifth annual Economic Development Forum. The theme for this year's Forum is “The Value of Vocational Education.” Panelists include Assemblymember Juan Arambula and political columnist Dan Walters. Dr. Crow noted that he will be presenting the community college perspective as well. Fred Ruiz, Chairman of Ruiz Foods, will be on hand to share a little bit about the statewide “Campaign for College Opportunity.” Over 100 business, education and community leaders will be present at this important signature event.

The College District is unaware currently of whether it will receive its full funding for the 2005-2006 school year as the state budget continues to be a major concern. The potential impact on the District created by the state budget deficit has created uncertainty as to the District’s financial circumstances. As a result, the District is unable to propound a compensation offer until it has sufficient information upon which to do so.

Part-Time Faculty “Parity” Stipend
If the District receives additional “parity” monies for the 2005-2006 school year pursuant to the 2006 Budget Act appropriation stated specifically by the state legislature to make part-time faculty compensation more comparable to full-time faculty compensation for similar work the distribution of District revenue pursuant to the 2006 Budget Act shall be made to part-time/overload faculty on a one-time non-repetitive (off schedule) basis for the 2005-2006 school year. The distribution shall be based upon the number of part-time/overload Lecture Hour Equivalents (LHEs) in Fall semester 2005 and Spring semester 2006 in a manner consistent with an agreed upon Memorandum of Understanding entered into by the parties regarding this subject for the 2005-

Mr. Brinkley noted that the draft Decision Package requests were reviewed at the recent Board Retreat and no changes were recommended.

Consideration to Select Project Architect, Residence Hall, Reedley College [05-83]
Action

Mr. Thonesen asked about insulation to be used in connection with the cement block walls.

Mr. Forhan stated that he was under the impression that the Board was going to discuss housing for Reedley prior to this time. Reedley is growing and he wonders if the District should continue to offer housing. As long as he has been on the Board there have been problems in the Residence Hall. He was hoping that it would be eliminated. Reedley College also serves a large number of Hispanics and he questioned how $5.98 million spent on a new dorm will serve the District. He does not think the money should be spent on student housing. It is an inappropriate and unwise use of Measure E monies and he was assured by the Chancellor that the Board would discuss this issue.

Consideration to Select Ms. Smith expressed her support of the dorm, the fact that parents
are comfortable having a place for their students to live on
campus with supervision, and that the ethnic population of the
campus should not have anything to do with the dorm.

Mr. Patterson advised that the Board did discuss and approve the project.

Dr. Crow added that the Board did discuss this issue prior to Measure E. This is not new. It was on the ballot, approved by the Board, and discussed at previous retreats.

Mr. Smith said that the Board has already had the debate, made a decision, and the matter has gone to the taxpayers. The Board should move on.

Mr. Forhan continued that over sixty percent of the students at Reedley College are Hispanic and will not use the dorms. He would rather the $5.98 million be spent in other ways. He asked that the record show that he had these concerns.

Ms. Shah stated that even if the students are not from the Reedley community, that does not mean they do not need to be served. Having a place for students to live will also bring diversity to the campus.

Ms. Barreras noted that she learned today that currently 190 students are housed in the dorm. That is a lot of money for a few people.

A motion was made by Mr. Thonesen and seconded by Mr. Feaver that the Board of Trustees authorize entering into an agreement with NTD/Stichler Associates for architectural services relating to the Residence Hall project at Reedley College, and authorize the Chancellor or Vice Chancellor-Finance and Administration to sign the agreement on behalf of the District.

The motion carried by the following vote:

Ayes - 6
Noes - 1 (Mr. Forhan)
Absent - 0

Mr. Thonesen reported that he attended the Classified Professionals conference and was impressed with the program. The sessions were very informative.

Ms. Smith noted that Paul White, a former Personnel Commissioner, passed away and she believes it would be appropriate for the District to send the family a note. She attended the State Basketball Championships in San Diego and got to see the Fresno City College men's team win the championship. She also attended the Classified Professionals workshop and noted that the District has many employees that have completed various degrees and encouraged the District to look at these employees during the hiring process. The International Students' Reception again reminded her of the importance of foreign language. She encouraged the District to look at foreign language as a requirement for an AA degree.

Ms. Barreras thanked the Classified Professionals for inviting her to the conference and agreed with Ms. Smith that the District should tap into this group for possible promotions.

Mr. Patterson stated that at the Retreat, the Board was unanimous in their total regard for the information presented by the staff and architects. It was very informative and there was also an open discussion on the Old Administration Building.

Old Business

Ms. Smith stated that she has previously mentioned starting an alumni association for the District; however, an association of this type would work better if each college had their own association. She encouraged the colleges to move forward on this project.

Future Agenda Items

Ms. Barreras requested that information she forwarded regarding a board policy on small and emerging businesses be an agenda item in the near future.

Mr. Patterson stated that he would like to discuss the Madera Center and the lack of progress made with the County on the sphere of influence. He has learned of the financial problems caused to some of the farmers that donated land and he would like to see a recommendation that would initiate a lawsuit for lost funding by the District and also have the landowners take part in the litigation.

Future Agenda Items

Mr. Forhan added that he has had conversations with the Board of Supervisors for Madera County regarding the failure of the
Madera Center. He hopes that the report would include all costs as the County is making it appear that the District is at fault. The District also needs to look at the proposed southeast site to ensure that the same problems do not occur.

Ms. Smith noted that the Fresno City College Child Development Center has been accredited and they should be recognized. She attended an open house at the Center this morning.

Ms. Shah would like an update on the smoking policy.

Mr. Forhan added that the smoking survey pointed out that seventy-five percent of the campus population was unhappy with the current policy, but did not include the health implications of smoking or second-hand effects.
