Recognition of Educational Employees

Dr. Crow stated that it is a privilege to introduce Bruce Barnett, CEO of the Educational Employees Credit Union and Les Mayberry, CEO of Educators Financial and Insurance Services, a subsidiary of EECU.

EECU is one of the most loyal donors to the Foundation. From mini grants for faculty, equipment for students, or printing for the operation of the Foundation, EECU has been at the forefront.

Tonight the EECU and District are celebrating a great marketing partnership. This gift will enhance the future of the Old Administration Building and showcase the opportunities that will be workable for the community to show their support for this community treasure. And, as usual, EECU stepped up to the plate in a leadership role.

Mr. Barnett introduced Bob Winter, a former instructor at Fresno City College and past chair of the EECU Board, and Scott Ingram, EECU’s Vice President-Marketing. Mr. Barnett gave a brief history of the credit union and presented a check in the amount of $100,000.00 to be used in connection with the renovation of the Old Administration Building. He also expressed his thanks to Dr. Joan Edwards for her work with the District’s Foundation.
Chancellor’s Report

Dr. Crow stated that it is good to be back tonight and thanked everyone for their cards and phone calls during his recovery.

Last week State Center played host to the State Chancellor’s Office to discuss the impact of AB 1417, which requires a review of student accountability standards. Nearly forty faculty, staff and administrators attended the hearing facilitated by Patrick Perry, Vice Chancellor for Technology, Research, and Information. Recommendations for implementation will be forwarded to the Governor’s office for review.

Dr. Crow noted that tonight he will be sharing an update on the Regional Jobs Initiative. State Center is playing a significant role in this ambitious endeavor and he looks forward to informing the Board of the progress that has been made to date.

State Center was well represented at the Community College League’s annual legislative conference this past weekend. Several Board members attended as well as administration. Early word from the Capitol is that despite the enormous budget deficit looming over the State, community colleges are still faring well, considering the circumstances. Finally, Dr. Crow encouraged everyone to take advantage of the many opportunities presented to celebrate Black History Month.

Regional Jobs Initiative Update

Dr. Crow provided a brief update on the Regional Jobs Initiative.

Mr. Forhan stated that it is incumbent that the community colleges embrace the RJI. He attended the annual RJI meeting last week and one of the things that he noted was the emphasis on the construction industry. Mr. Forhan expressed his concern that Fresno City College has not offered a basic construction class for the past three years. Currently on the FCC web site, there are five classes listed for the spring semester. To him, there is a real disconnect and believes the District can do a better job in offering these types of classes to unemployed students. He also asked for a follow-up on this matter.

Mr. Patterson questioned if part of the problem is that students are being offered jobs and not finishing their classes.

Mr. Smith conveyed his concern regarding the future of RJI since Measure J did not pass, and questioned if other funding sources were being discussed or if there would be a follow-up to Measure J to try to supplement the funds.

Mr. Forhan added that the Mayor, at the RJI press conference, stated there are funding sources other than Measure J.

Ms. Shah suggested that the basic or fundamental classes be made a prerequisite for the advanced classes.

Mr. Forhan added that another possible problem could be that the message is not getting out to the students of the training opportunities available and immediate employment that can follow.

Consideration of Agenda Items for Board Retreat, March 18-19, 2005

[05-28]
Action

Mr. Patterson asked for suggestions regarding the Board Retreat agenda.

Ms. Smith stated that it is her opinion that the Retreat should not be a working meeting, but an opportunity for the Board to learn how to enhance their skills, define the Board’s role in educational leadership, legislative savvy, ensuring diversity from the top down, how to connect more with the public, and a better understanding of the budget.

Following a lengthy discussion by the Board members, it was suggested that the issues raised by Ms. Smith could possibly be discussed at a separate meeting and with an outside facilitator, possibly someone from the Community College League, and continue with the past format for the Retreat.

Mr. Forhan suggested there should be more Board interaction and less staff. Also, he would like to see the criteria for the Madera Center to make sure that it is not replicated at the Southeast Site.

Mr. Feaver stated he would like to discuss vocational education on a districtwide basis.

Ms. Barreras asked for a report from the Foundation on how funds are targeted for minorities.

Acknowledgement of Quarterly Financial Status Report, General Fund

[05-29]
Action

The Board acknowledged the Quarterly Financial Status Report (CCFS-311Q) as presented.
Consideration of Bids, Classroom Building, Reedley College [05-30]  
Action

A motion was made by Mr. Smith and seconded by Ms. Barreras that the Board of Trustees award Bid #0405-01 in the amount of $3,192,000.00 to Forcum/Mackey Construction, Inc., the lowest responsible bidder for the Classroom Building at Reedley College, and authorize the Vice Chancellor-Finance and Administration to sign an agreement on behalf of the District. The motion carried unanimously.

Consideration to Approve Selection of Architect for Child Development Center Project, Fresno City College and Reedley College [05-31]  
Action

Ms. Smith questioned the difference in the cost of the two projects.

A motion was made by Ms. Smith and seconded by Mr. Thonesen that the Board of Trustees:

a) authorize entering into an agreement with tBP, located in Concord, CA, for architectural services for the Child Development Centers at Fresno City College and Reedley College;

b) authorize the Chancellor or Vice Chancellor-Finance and Administration to sign the agreement on behalf of the District; and

c) approve a Resolution authorizing an inter-fund transfer in the amount of $120,000.00 from the General Fund to the Capital Projects Fund for the preparation of the Final Project Proposal for the Child Development Centers at Fresno City College and Reedley College.

The motion carried unanimously.

Consideration to Adopt 2005-06 Budget Calendar [05-32]  
Action

A motion was made by Ms. Smith and seconded by Mr. Feaver that the Board of Trustees approve the 2005-06 Budget Development Calendar as presented. The motion carried unanimously.

Governor’s 2005-06 Proposed Budget [05-33]  
No Action

Mr. Brinkley provided an update on the Governor’s 2005-06 proposed budget.

Mr. Smith stated that the District has been one of the chief beneficiaries of PFE funds. Now the name of the game is changing again. Not knowing what the mechanics of the political situation are, he questioned why are we being faced with AB 1417 that changes the rules of the game regarding who benefits from the funds.

Mr. Forhan added that the reality is there was no money withheld from any district in California for PFE. Now we are dealing with the “son” of PFE, which is AB 1417. In addition, regarding Proposition 98, the community colleges never received their 10.93 monies except for one time. When you couple that with the

equality issues, the fact is, thanks to this Board and the administration, the average faculty member salary is 105% of the state average. Even though we are not being adequately funded, this Board is making decisions that are helping the faculty get paid well to do a good job.

Mr. Patterson agreed that it is a very complicated process. He listened to a session on AB 1417 at the recent CCLC Conference and they still are not sure how some of it will be measured and some things will be left up to the districts.

Future Agenda Items

Mr. Forhan stated that the Cal Grant applications are due on March 1 or 2. He would like to see the number of students eligible for Pell Grants, how many are actually being served, and would like it quantified on an annual basis.

Ms. Smith asked that when information is received regarding the proposed Accountability Program, she would like it to be an agenda item.

Ms. Barreras noted at the October meeting there was a concern regarding the Fresno City College MS&E building and would like an update on the issue.
Future Agenda Items
(continued)

Ms. Smith advised at the CCLC Conference she learned that any item can be addressed at any time by the public. Following discussion by the Board, it was agreed that this matter would be discussed with the District’s legal counsel to ensure that the Brown Act requirements are followed and the Board’s policy amended, if necessary.

Mr. Bruce Morris addressed his concerns regarding the EIR for the OAB and the requirement for the District to receive public input regarding parking issues.

Mr. Forhan stated there is apparently a parking garage proposed on the West Lawn in connection with the OAB renovation. He noted it would be a change in the environment and asked if the parking structure component is going forward.
