Chancellor’s Report

Dr. Crow stated that it’s hard to believe that the end of the academic year is upon us. Tonight, the campuses and centers will report on the many activities that will be taking place throughout the District. Graduation ceremonies will take place on May 20. He encouraged all to attend as it is a wonderful time of celebration for students and their families, and it serves as a reminder as to why we are here.

This past weekend he and several members of the Board of Trustees had the opportunity to attend the League’s Annual Trustees Conference. Trustee Dottie Smith and he participated on a panel designed to stimulate discussion on a very important issue – diversity. The session was well attended and served to provide a forum for the exchange of ideas on how to foster a diverse environment in community college districts. Also at the conference, trustees that have served 20 years or more were honored at a special luncheon. Trustees Pat Patterson, Les Thonesen, Dottie Smith, and Willie Smith were recognized at the event.

The employee recognition events at Reedley College this Wednesday and next Tuesday at Fresno City College are a special time when we honor our employees and recognize those that have achieved milestones of service. The winner of the Bill F. Stewart Award of Excellence will also be announced and Dr. Stewart will be on hand to present the award to this year’s deserving individual.

Finally, as you are aware, many faculty, staff, and administrators have been working diligently to ensure that our laboratory classes throughout the District are conducted in a safe environment. This review and improvement plan includes physical facilities, training, monitoring, and supplies. Written updates and copies of the Cal/OSHA citations have been provided to the Board. A full report will be presented to the Board, in closed session, at the June 7, 2005, Board meeting.

Campus Reports

Dr. Doffoney introduced Athletic Director Susan Yates. She noted that FCC is currently number one for the Pepsi Cup competition with a spread of twenty points. Ms. Yates recognized the women’s track team for placing second in the conference and earning a team GPA of 3.2. The men’s basketball team went 34-0 this year, a school record, and won the State Championship.

Dr. Doffoney announced the following awards: Shelby Bue was named to the 2005 Phi Theta Kappa All-California Academic Second Team, Shreya Shah was selected as a member of USA
Today’s All-USA Academic Team, and Kathy Bonilla, FCC’s Public Information Officer, recently received the All Pro Award at the Community College Public Relations Organization Conference for her outstanding personal achievement in community college public relations.

He also noted the Child Development Center’s recent accreditation and recognized Peg Mericle and the staff of the Center.

Dr. Doffoney reported on other campus activities as follows:

- English instructor Luis Contreras will receive the distinguished Association of Mexican American Educator’s Professor of the Year Award at AMAE’s Dia Del Maestro banquet to be held on May 12 at TorNino’s.
- Educator Jaime Escalante helped kick off Cinco de Mayo festivities on Monday. He spoke in the FCC Gym as part of the Speakers Forum series.
- The baseball team clinched a fourth consecutive Central Valley Conference title over the weekend.
- Asian American Studies instructor John Cho was named as one of KSEE-TV’s Portrait of Success winners in recognition of his significant contributions to the community.
- Business Manager Michael Guerra has been elected to another term as President of the Fresno Hispanic Scholarship Fund.

From Reedley College, Dr. Hioco:

- Congratulated student Ron Tirado, who was selected for a Savon Drugs summer internship at the SIFE Regional Competition in Los Angeles on April 7.
- The SIFE students returned with four trophies for the following contests: 1st Runners-up Overall in League, Regional Finalists in Business Ethics, Market Economics, and Entrepreneurship.
- Students Elizabeth Garcia and Fida Taha received the highest awards at the statewide AGS Conference on April 8.
- The Ag and Natural Resources Department hosted a conference titled “Food Protection in the Animal Science Industry” on April 29 at the Harris Ranch Inn Conference Center.
- The Upward Bound program will host the annual reception to honor 15 outstanding 2005 high school graduates on May 12 in the cafeteria.
- The Employee Recognition Ceremony for Reedley
College and North Centers will be held tomorrow at 1:30 p.m. in the cafeteria.

Dr. Kershaw announced the following from the North Centers:

- A Madera Compact Crystal Tower Award was presented to Mary Farrell with Madera Community Hospital, for her tireless efforts and hard work in making the accredited LVN program a reality at the Madera Center.
- North Centers faculty and administrators will visit the UC Merced campus on May 23 for meetings and discussions with University professors and a tour of the campus.
- Upcoming activities include: MCCAP Recognition Ceremony on May 4, Cinco de Mayo Celebration and Salsa Contest on May 5, Aztlan Club’s Victory Dinner also on May 5, the Child Development Lab Graduation on May 6, and the Willow/International Groundbreaking Ceremony on May 13.
- International Education Summer Programs will include Psychology 33 in London with instructor Mark Harmon, French language in Paris with instructor Cynthia Elliott, and instructor Karen Hammer will be a co-leader with an FCC instructor for a program in Salamanca, Spain.

Ms. Maggie Taylor, Fresno City College Academic Senate Representative, reported on the following:

- Rosemarie Bezerra-Nader, Hayward Award Nominee, and Jill Harmon, Standback-Stroud Nominee, were honored by the Senate at the April 20 meeting.
- The Senate has approved an Academic Accommodations Policy for Fresno City College.
- The Senate strongly encourages the Board of Trustees to approve funding for the renovation and completion of the entire OAB. The proposed space is desperately needed to meet the current needs and the future growth of the College.
- Election for 2005-06 Senate officers will be held at tomorrow’s meeting.

Mr. Jerry Neff, District Office/Fresno City College Classified Senate President, reported:

- Elections are in full swing for the Fresno City College and Reedley College Classified Senates.
- Dr. Doffoney and he attended the Reedley College Battle of the Pump Classified Challenge Lunch on April 15.
- The Classified Professionals are finalizing their list of participants for the Leadership State Center Class V.

********End of Consent Agenda********

Consideration to
Approve Director of
Technology, Fresno
City College, and
Director of Technology,
Reedley College/North
Centers, Positions and
Job Descriptions
[05-89]
Action

Ms. Barreras questioned why a master’s degree is required for
these positions, as it will limit the number of applicants.

Mr. Forhan compared the positions to those in the nursing field,
stating that there is a critical need for a master’s degree in the
nursing area, but for the Director of Technology, it would seem
that experience in the technical areas would be more important
than a master’s degree. When we talk about “growing our own”
this is an example where someone could move up from the
classified area and would be able to benefit without having a
master’s degree. The only benefit to requiring a master’s is
limiting the pool.

Dr. Doffoney and Dr. Crow explained that the positions are
certificated and the State Chancellor’s Office and Education Code
require a master’s degree for certificated positions.

An explanation was also provided regarding the difference in
degree requirements for classified management positions and
certificated positions.
Consideration to Approve Director of Technology, Fresno City College, and Director of Technology, Reedley College/North Centers, Positions and Job Descriptions [05-89] (continued)

**Action**

A motion was made by Mr. Smith and seconded by Mr. Feaver that the Board of Trustees approve the new Director of Technology, Fresno City College position and the new Director of Technology, Reedley College/North Centers position, and the proposed job descriptions, with placement on the Management Salary Schedule, Range 59. The motion carried by the following vote:

- Ayes: 6
- Noes: 0
- Absent: 1

Acknowledgement of Quarterly Financial Status Report – General Fund [05-103]

**Action**

The Board of Trustees acknowledged receipt of the Quarterly Financial Status Report (CCFS-311Q), as presented.

Consideration of Bids, Phase I Facilities, SCCCD Willow/International Center [05-104]

**Action**

Mr. Forhan stated that the fiscal impact noted on this item is helpful and requested that this information be included on items of this type in the future.

A motion was made by Mr. Forhan and seconded by Mr. Smith that the Board of Trustees:

a) award Bid #0405-12 in the amount of $28,928,000.00 to Harris Construction Company, Inc., the lowest responsible bidder for Phase I Facilities at the Willow/International Site; and

b) authorize the Chancellor or Vice Chancellor-Finance and Administration to sign an Agreement on behalf of the District contingent upon approval by the State Chancellor’s Office.

The motion carried by the following vote:

- Ayes: 6
- Noes: 0
- Absent: 1

Ms. Smith asked if the successful bidder is aware in advance of the Board meeting.
Consideration to Authorize Agreement for Construction Testing Services, Willow/International Project [05-105]

A motion was made by Ms. Smith and seconded by Mr. Thonesen that the Board of Trustees authorize an Agreement with Twining Laboratories, Inc., for construction testing services for the on-site construction for the Willow/International project and authorize the Chancellor or Vice Chancellor-Finance and Administration to sign an Agreement on behalf of the District. The motion carried by the following vote:

Ayes - 6
Noes - 0
Absent - 1

Consideration to Authorize Agreement for Construction Inspection Services, Willow/International Project [05-106]

Mr. Forhan questioned if the District could employ the same inspector as the one being used at the Clovis Unified project across the street.

A motion was made by Mr. Forhan and seconded by Mr. Feaver that the Board of Trustees authorize an Agreement for Tom Barton with the firm of TWB Inspections for construction inspection services for the Willow/International project and authorize the Chancellor or Vice Chancellor-Finance and Administration to sign an Agreement on behalf of the District. The motion carried by the following vote:

Ayes - 6
Noes - 0
Absent - 1

Consideration of Bids, Roofing Project, Various Buildings, Fresno City College [05-107]

Ms. Smith asked regarding bidding and awarding of contracts, does the District see prior work of the successful bidder or obtain references before the Board’s approval. She also asked in terms of the bids going over the estimate, how the District knows if it is getting the best bidder.

Ms. Barreras inquired where the proposed company is located.

A motion was made by Ms. Smith and seconded by Ms. Shah that the Board of Trustees award Bid #0405-19 in the amount of $261,585.00 to Nations Roof West, the lowest responsible bidder for the Roofing Project, Various Buildings at Fresno City College, and authorize the Chancellor or Vice Chancellor-Finance and Administration to sign an Agreement on behalf of the District. The motion carried by the following vote:

Ayes - 6
Noes - 0
Absent - 1
Old Administration Building Project
Presentation and Consideration to Authorize Contract Amendment with ELS, Fresno City College [05-108]

Mr. Forhan confirmed that the District is under contract now and questioned what this item is for and the amount of the current contract.

Mr. Kurt Schindler, lead architect with ELS, provided a PowerPoint presentation on the OAB renovation plans. It was noted that the presentation is the same as the one provided at the recent Board Retreat.

Ms. Barreras asked if there were any comments from the public.

Mr. Lee Little read a letter on behalf of Fresno City Councilmember Brian Calhoun stating that the building should be primarily for instructional purposes, and he encouraged the Board to consider changing the name of the building to one that more appropriately reflects the heritage of the community and region.

Mr. Forhan inquired as to the State funding mentioned in paragraph A of the recommendation and why the Board is being asked to take action.

Mr. Forhan asked what the $25 million from the bond will do for the renovation of the building.

A motion was made by Mr. Smith and seconded by Mr. Thonesen that the Board of Trustees:

a) authorize an Amendment to the Master Agreement for Architectural/Engineering Services for the Old Administration Building project to expand the scope of services performed by ELS Architecture and Design to include developing documents necessary for the District to apply for State funding, finalizing design schematics, preparing construction documents, working with the District and State to obtain DSA approvals, developing a construction package for bidding the project, and performing architectural oversight of the project while under construction at a cost of 10% of the construction bid amount; and

b) authorize the Chancellor or Vice Chancellor-Finance and Administration to sign the Amendment on behalf of the District.

The motion carried by the following vote:

Ayes - 6
Noes - 0
Absent - 1
A motion was made by Ms. Smith and seconded by Mr. Feaver that the Board of Trustees authorize submittal of an Initial Project Proposal for the Old Administration Building to the State Chancellor’s Office.

Mr. Forhan commented that if the Board chooses to go this route and looks at the out years that it really happens, the fact is that for the 85% of the community college bonds that have passed, there is a great availability of matching monies. He does not understand why this project would be a priority in the State Chancellor’s Office. Mr. Forhan continued that he believes it is a real watershed and he has received numerous emails and phone calls from people that think the District needs to be more aggressive in restoring the OAB to the best of our ability. He hopes this is not a copout in view of the fact that the District is going for State funding. He does not think it is going to happen and a lot of people will be disappointed.

Dr. Crow explained that this is an attempt to find all sources of potential funding for this building and it is an aggressive approach. The funding would give us the opportunity to bring on two more wings and provide program improvements in some areas. We have to do this to maximize our dollars.

Ms. Smith added that she is in favor of rehabilitating the building; however, she believes that the public is confused. Many feel it is a smoke screen and that the District is not doing everything they said they would do. The public wants to have the OAB refurbished and voted for Measure E because of it. The District has other projects as well and the public needs to understand what is being done.

Dr. Crow advised that after Mr. Schindler’s presentation to the campus OAB committee and Historical Society, it was agreed that Bruce Owdom and he would co-write an op ed piece for The Fresno Bee in an effort to keep the public up-to-date.

Ms. Barreras clarified that the IPP approval would place the District in line for future funding.

Mr. Thonesen stated that the Board has always told the public that $25 million would be spent on the OAB and we would go as far as we could. At the time the bond was proposed no one had any hard numbers, but he believes the public has been told as accurately as possible. This item is free money if we can get it. We have been honest and are doing the best we can.
Mr. Forhan stated that this District needs to have a form of prioritization for Measure E monies, there should be clear criteria, and it should show how it impacts the students. The reality is there is not enough money to complete the Measure E projects. I would hope that the administration at some point will decide to have some form of objective criteria to assess and evaluate different proposals that come before the Board and how the money is being spent.

Dr. Crow commented that the campuses have been asked to reprioritize their projects. The Board had a very extensive conversation regarding the A, B, C, and D lists of priorities for every Measure E project. We are currently updating the lists and will be bringing the recommendations back to the Board. There is a prioritization in place as a result of the Board Retreat from two years ago.

Mr. Forhan stated that he would also like to know the criteria being used to assess the projects.

Mr. Smith stated that the Board has discussed a number of these issues, and the OAB has been discussed since he first came on the Board. He assured everyone that could hear him speaking that the Board is acting in good faith and has every intention of using all of its resources to attempt to restore the Old Administration Building. There are naysayers that are critics of what is trying to be done, but there is no basis to believe the District or Board has any intention other than to do what we said we would do. Notwithstanding the fact there may be people who throw stones at us and claim there is a hidden agenda, there is no hidden agenda. We are trying to use the resources we have the best we can. We have indeed sat down and used various criteria to determine what the priorities are and have asked for input not just from Board members, but from the faculty and staff in order to come to the criteria that we have. Criteria have been established, we have looked at all of the various Measure E projects, and we have ranked them. This Board and every single member, including Mr. Forhan, have been there when this was discussed. I am shocked that we are getting criticized for not having set criteria or not having developed any set of criteria as to what our priorities are. We have done that. We need to move forward with the project and use the money we have. That is not to say that we are going to stay within budget, or that we are not going to have cost overruns. We will do the best we can, will look for supplemental funds, and the Old Administration Building is going to be restored. It will not be restored tomorrow or next year, but it is going to be restored. It is a priority of this Board. We will also address the other priorities of Measure E because, as
you may recall, Measure E was something that is districtwide. We didn’t just ask the people in Fresno City College’s jurisdiction to come up with Measure E funds for the Old Administration Building. Our District is in Fresno County, Madera County, and Kings County, so we asked all those people to vote for us, and we had projects that spanned our entire district, not just the Old Administration Building. We had to come up with a strategy that permitted people to vote not just for the $25 million for the Old Administration Building, but for all the Measure E projects. That’s why Measure E passed, not because we said that we were going to restore the Old Administration Building alone. Everybody in this District was vested in the process and we can’t sit here now and turn our back on all the other people and all the other areas and say the only project we have to go forward on is the Old Administration Building. That would be wrong.

Ms. Smith stated that she would like the record to show that all she wants is for the public to understand. We may be doing the right thing, but we need to let the public know on an on-going basis so there will not be any misunderstandings.

Mr. Forhan added that apparently he missed the criteria and prioritization and would like to see it again.

The motion carried by the following vote:

- Ayes - 6
- Noes - 0
- Absent - 1

Mr. Brinkley clarified that the amount of the IPP should be $44,900,000.00.

Mr. Forhan questioned if the District has title to the property, if the District has an option on the property, and why we are submitting an IPP if we do not have control of the property. He made a comparison to what happened at the Madera Center and stated that he is hesitant to move forward.

Mr. Brinkley explained that the State Chancellor’s Office will accept the IPP now if the District can complete the required purchase agreement this summer. The District is also working on the LAFCO issues, but hopes to have a purchase agreement for the property this summer.

Mr. Forhan also expressed his concerns regarding the LAFCO issues and referred to the problems at the Madera Center.
Consideration to Authorize Submittal of Initial Project Proposal, Southeast Center [05-110] (continued)

Dr. Crow added that the IPP goes away if the District does not get the property; however, if we are successful in obtaining the property the District has an opportunity to move forward.

Mr. Forhan also questioned when we negotiate with the sellers if we locked in to that particular site.

Ms. Shah asked about transportation to the proposed site.

Dr. Crow stated that the District is trying to get into the Sphere of Influence so that bus transportation would be provided.

Mr. Forhan commented that this process seems premature.

Action

A motion was made by Mr. Thonesen and seconded by Mr. Smith that the Board of Trustees authorize submittal of the Initial Project Proposal for the Southeast Center to the State Chancellor’s Office. The motion carried by the following vote:

- Ayes: 5
- Noes: 1 (Mr. Forhan)
- Absent: 1

Consideration of Resolution Authorizing Submittal of Final Project Proposals for Child Development Centers, Fresno City College and Reedley College [05-111]

Ms. Shah asked where the FCC Center will be constructed, when it will be completed, and if it is possible to expand the current building rather than moving it.

A motion was made by Mr. Smith and seconded by Mr. Thonesen that the Board of Trustees adopt Resolution No. 05-111 authorizing submittal of the Final Project Proposals for the Fresno City College and Reedley College Child Development Centers. The motion carried by the following vote:

- Ayes: 6
- Noes: 0
- Absent: 1

Consideration to Authorize Submittal of 2007-2011 Five-Year Construction Plan and Priority Projects [05-112] (Mr. Smith left at 6:55 p.m.)

A motion was made by Mr. Forhan and seconded by Ms. Shah that the Board of Trustees approve submittal of the Five-Year Construction Plan for the years 2007-2011. The motion carried by the following vote:

- Ayes: 5
- Noes: 0
- Absent: 2
Small and Local Business Outreach Program

No Action

(Mr. Smith returned at 6:57 p.m.)

Ms. Barreras stated that she had asked for this item to be discussed. The staff has done some research and Dr. Crow will comment on the proposal.

Dr. Crow explained that Los Rios Community College District was recently awarded an Industry Driven Regional Collaborative grant from the State Chancellor’s Office. The purpose of the grant is to increase the capability of small businesses to provide goods and services to California’s community colleges. Dr. Crow noted that Mr. Brinkley and he are scheduled to meet with representatives of the grant administrator later this week.

Ms. Barreras asked if a statement to encourage small and local businesses to apply could be added to our RFP’s.

Mr. Forhan added that he attended a workshop at the recent CCCT conference regarding outreach to different parts of the community, including Hispanic and Black Chambers of Commerce, and providing pre-bid conferences on various issues, procedures, collaboration with other vendors, etc. By a minor effort of the District to reach some of these communities, the payoff is very high and we can keep a large portion of the Measure E monies in the local area.

- The class gift from the ASB is a scoring table for the gym.

Fresno City College Student Trustee, Shreya Shah, reported:
- ASG planted a strawberry marina tree in front of the library in honor of Earth Day.
- Guest speakers on campus this week included Morgan Spurlock, director of the “Super Size Me” documentary, and Jaime Escalante, an exceptional mathematics educator.
- Cinco de Mayo activities will include mariachis, horse riders and folkloric dancers.
- The Leadership Awards Banquet is scheduled for May 11 at 6:00 p.m. in the cafeteria.
Ms. Shah also announced that she is the recipient of the Deans’ Medallion for the Business Division.

Ms. Smith noted that Dr. Crow and she participated on a panel discussion regarding diversity at the recent CCCT conference. The student trustees mentioned dancing in connection with the Cinco de Mayo activities, and this was mentioned as one way to express diversity during the panel discussion.

The Board members expressed their appreciation to the two student trustees for their exemplary service during the last year.

Mr. Forhan reported that he attended Congressman Nunez’s Summit on nursing. Mr. Forhan expressed his appreciation to Dr. Carolyn Drake for her continued contributions to the nursing program.

Mr. Feaver congratulated Les Thonesen, Dotttie Smith, Willie Smith, and Pat Patterson for their recognition by the California Community College Trustees for over 20 years service.

Ms. Smith also expressed her thanks to Carolyn Drake for her commitment to the nursing program. Ms. Smith continued that she did not hear all of Jaime Escalante’s speech, but she understands he spoke to all levels – faculty, staff, and students. She and some of her students also attended Fresno City College’s Career Day.

Ms. Barreras reported that she attended the District’s Business Economic Development Forum. It was well attended and is a great opportunity for the community to learn more about the District. She also attended the Madera Center’s Spring Extravaganza and had an opportunity to talk with students and staff.

Mr. Forhan stated that some time ago he had requested a report on Cal Grants and he has not received anything to date. Also, regarding the health issue on campus, he has been advised that the formaldehyde level in the labs is so high that by Cal/OSHA standards they should be wearing respirators. Dr. Crow again noted that a full report will be presented to the Board, in closed session, at the June 7, 2005, Board meeting.

Ms. Shah asked about the status of the Smoking Policy.

There were no future agenda items.
