Approval of Minutes
The minutes of the Board meeting of August 1, 2006, were presented for approval. A correction to the minutes was noted by Mr. Forhan. A motion was made by Ms. Smith and seconded by Mr. Smith to approve the minutes of the August 1, 2006, meeting, as corrected. The motion carried unanimously.

Delegations, Petitions, and Communications
None.

Chancellor’s Report
Dr. Crow introduced the new State Center Community College Foundation Executive Director, Dr. Michele Cantwell-Copher. Dr. Cantwell-Copher has had a successful track record in education and in fundraising and will no doubt be a tremendous success in this position. She was previously employed by Central Unified School District where she served as foundation executive director and assistant superintendent. Prior to joining Central Unified, Dr. Cantwell-Copher was employed with the Clovis Unified School District. She has been meeting with SCCC Foundation board members, as well as community and business leaders.

Chancellor Crow reported the following:

**Administrative Staff Development Program**
Dr. Crow reported on the administrative staff development program in partnership with California State University, Fresno. The program is designed to develop leadership skills for faculty members and present entry-level administrators. There are 25 participants that will complete part one of a two-part series of the community college leadership seminar series this October. This group will begin part two of the series this February. The next group is being selected now and will begin part one of the community college leadership seminar series this January.
Chamber Government Affairs Presentation
Dr. Crow has been invited to present to the Greater Fresno Area Chamber of Commerce Government Affairs Committee on the impact Proposition 1D will have on SCCCD. He stated that the Chamber is interested in how the facilities bond will provide growth opportunities, not only for the district, but for the valley, as well. Proposition 1D will provide significant funding for Phase II of Willow/International and will also move us up in line for the north and east wings of the Old Administration Building, and Southeast site, as well as the child development centers at Fresno City College and Reedley College. We have a vested interest in making sure the voters know all of the facts and the impact this important ballot issue will have on our future. We will be presenting on September 13, and would expect to hear from the Chamber shortly thereafter on their decision to endorse Proposition 1D. The Board will receive an update after that meeting.

October Board Meeting
The October Board of Trustees meeting will be at the new Madera South High School. Madera Unified has graciously extended an invitation to tour their new state-of-the-art facility, as well as hosting a pre-board meeting tour at 3:30 p.m. and a reception at 4:00 p.m. Madera Unified has been working very closely with SCCCD to create stronger ties between the two districts.

********End of Consent Agenda********
Previous to the meeting the Trustees received draft copies of the Accreditation Progress Reports for Fresno City College and Reedley College for their review. Dr. Crow stated that any changes the Board may have will be incorporated into the final progress reports. The Board was asked to approve the progress reports with any modifications they may have. The final reports would be provided to them prior to the October Board meeting. The written reports are due in to the Accrediting Commission by October 15. A site visitation will follow by a member, or members, of the previous visitation team. They will then submit their report, and in January the Accrediting Commission will meet to act on the progress reports. The expected action from that meeting would be to accept the progress reports with the visitations from both colleges and, secondly, to remove Fresno City College from the warning status. Official notification from the Accrediting Commission is not expected until late February. We will be in attendance at their January meeting. The Commission's deliberations take place in closed session.

Using a panel discussion format, Dr. Crow, Dr. Doffoney, Dr. Hioco, and Dr. Kershaw presented the Fresno City College and Reedley College accreditation progress reports for the Board's consideration. The hard work and involvement of the colleges' faculty, staff and constituency groups were emphasized as major factors in effectively and appropriately responding to the accreditation teams' recommendations.

Following the presentations, the panel received the following comments from the Board:

Mr. Smith said that he is pleased with the progress being made because internal policies and procedures are being looked at more closely. The colleges are profiting from their reviews, and this will help assure that problems do not arise in the future.

Ms. Smith spoke to the process of shared governance, stating that it was the only way to get things settled because it allows committees and departments a voice.

In regard to the North Centers, Mr. Smith asked why we are being held by the accreditation group to a standard of number of books and number of librarians when today most research is being done electronically. He asked for an understanding of what the actual functions are for a librarian, and why a full-time librarian is needed before the center reaches campus status. He asked that, as part of the planning process, if a projection could be made about when campus status could be reached.
Ms. Smith added that librarians’ duties have also changed over the years and today’s librarian has to be very knowledgeable about technology. However, whether students are studying books or through technology, someone is needed to help students.

Mr. Patterson asked if the specifications for librarian have changed over the years.

A motion was made by Mr. Patterson and seconded by Ms. Smith that the Board of Trustees approve the Final Draft Progress Reports for Fresno City College and Reedley College, as presented. The motion carried unanimously.

Dr. Crow introduced this item stating that the District is reviewing its legal services in the four different areas of land acquisition, collective bargaining, employment law, and general business. The District put out an RFP, statewide, for interested firms to respond. Twelve firms responded and were interviewed on July 25 and 26. Three firms are being recommended to the Board for consideration as follows:

- Land Acquisition - Lozano Smith
- Collective Bargaining - Zampi and Associates
- Employment Law - Liebert, Cassidy & Whitmore

In the category of General Business, reference checks are in progress, and a recommendation will be made at the October Board meeting.

A discussion followed commencing with Ms. Barreras who asked for her colleagues' thoughts about adding the firms of Best Best & Krieger, and Dowling Aaron & Keeler. She was on the interview panel and said that the rankings of these two firms were high, and unless their references did not check out, she wants to add these two firms to those being considered for approval by the Board.

Mr. Smith said he would not oppose Ms. Barreras' request to add the two additional firms because it would give the District more options, and provide a backup if there is a conflict or problem.

Dr. Crow stated that Best Best & Krieger were in the top three in three of the four categories, and that Dowling Aaron & Keeler qualified in the land acquisition category.

Ms. Smith left the meeting at 5:55 p.m.

Mr. Patterson asked if the firms submitted their rates with their proposals.
Consideration to Approve Legal Services [06-50] (continued)

Action

Mr. Forhan asked how widely the request for proposals was published. He stated that the process is very important. As a public agency, advertisement has to be handled in a way that everyone sees it and that openness and fairness applied. Those firms that surface from the committee should come to the full Board for discussion.

Mr. Brinkley explained that the RFP was handled according to the District’s regular bid process, including going out twice. Locally, it was appropriately advertised in The Business Journal.

Mr. Thonesen asked whether the firms are based locally, or out of town.

Mr. Smith made the motion to approve the firms as recommended, and to add Best Best & Krieger and Dowling Aaron & Keeler in those categories in which they ranked. The motion was seconded by Ms. Barreras.

In summary:

Land Acquisition - Lozano Smith
Collective Bargaining - Zampi and Associates
Employment Law - Liebert, Cassidy & Whitmore

Also, include the following two legal firms:
1) Best Best & Krieger – land acquisition, employment law, and general business
2) Dowling Aaron & Keeler – land acquisition

Board approval for the general business category will be requested at the October meeting
